While DISCCRS has in the past been supported by the National Science Foundation and the National Science Foundation or the National Aeronautics and Space Administration, the views presented in this newsletter are those of the editors only, and do not necessarily represent those of any specific institution or agency.

The purpose of DISCCRS News is to distribute information of potential interest to U.S. recent PhDs engaged in interdisciplinary climate-change research and is generally sent weekly on Tuesdays. It also provides an international forum for the exchange of information and opinions regarding research, professional and social issues to foster a global sense of community among recent grads. The views and opinions expressed do not necessarily reflect those of the funding agencies or sponsoring societies. The editors reserve the right to edit or reject material submitted to the list.
